## Vibratory Twin Drum Roller DDR 625

The DDR 625 is a twin drum vibratory roller, ideal for compacting soil and asphalt. The machine is hydraulic and hence allows an overhang of only 7 cms, thus enabling the roller to run close to obstructions, such as walls. It is equipped with a large water tank & a push stop lever.

- For soil and asphalt applications
- Electric Start
- Hydrostatic transmission
- Throttle control Lever - stepless
- Water Sprinkler Bars on drums
- Head Light for night-time operation

### TECHNICAL DATA

Engine - Lombardini 15 LD 440
Horsepower - 10 @ 3000 rpm.
Drum Width - 625 mm
Drum Diameter - 406 mm
Gradability - 20 degrees
Vibration Frequency - 3300 VPM
Area Coverage - 2500 sq. m/hour
Operating Weight - 750 Kgs.
Working Speed - Upto 4 Kms / Hour
Dimensions - L 2670 x W 720 x H 1160 mm
