HTC 500

The HTC 500 is a three-phase frequency controlled machine with infinitely variable speed, providing increased capacity. The motor is extra tolerant to voltage drop which allows it to run more smoothly.

- HTC Superfloor™ - Approved Equipment
- The machine can be used for coarse grinding, preparation, grinding, and maintenance as well as HTC Superfloor™
- A powerful multi machine
- Ergonomically designed
- High capacity for its size
- Equipped with three extra weights for varied grinding pressure
- Very popular concrete polisher among tool hire firms
